

## **FIRST ANNOUNCEMENT**

**on the 4<sup>th</sup> International Conference on Culture and Education - ICCE 2023**

*Educating cultural value in the context of international integration*

### **I. Objectives of the conference**

Cultural value is what mankind has achieved in certain period of the history. Cultural value contributes to the characteristics and appearance of each country. Moreover, in the context of international integration, the influence of culture on human, especially the young generation is taking place widely and rapidly. The question of how to preserve and enhance the traditional cultural value while still absorb and promote the cultural quintessence of mankind has become a crucial issue in the development strategy of each country. Stemming from this issue, University of Education, Hue University in collaboration with national and international universities and research institutes organize the 4<sup>th</sup> International Conference on Culture and Education – ICCE 2023 with the theme *Educating cultural values in the context of international integration*.

The conference aims to create a forum to share theoretical and practical aspects concerning educating cultural value in the context of international integration, thereby to seek for effective solutions in educating cultural value to create the identities of each country. On the other hand, the Conference is the opportunity for academic exchanges and collaboration in scientific research between Vietnamese and international researchers.
